Sporicidin® Brand Disinfectant Kills H1N1 in 3 minutes!
Contec's Sporicidin disinfectant solution and wipes are reliable and effective hospital-grade disinfectants against H1N1 and Influenza A

SPARTANBURG, SC – October 29, 2009 – Deemed by the EPA as effective against all Influenza A viruses, including Pandemic 2009 H1N1 influenza A virus (the swine flu), hospital-grade [Sporicidin Disinfectants](#) are ideal for home, institutional, health care, and industrial use.

Created by the inventor of Chloraseptic throat spray, Sporicidin Brand Disinfectant solutions are broad-spectrum disinfectants that are EPA, FDA and OSHA, compliant. Sporicidin is bactericidal, tuberculocidal, fungicidal and virucidal and has up to 6-months of residual bacteriostatic properties. These products provide 100% kill of pathogenic vegetative organisms and are safe for hard non-porous surfaces such as metals, plastics, Formica, vinyl, glass, wood, porcelain and paint. Ortho-phenylphenol free, bleach free, ammonia free, and alcohol free Sporicidin Disinfectants are available in convenient 22 ounce spray bottles and 1 gallon containers. Sporicidin disinfectant wipes are also available. For killing H1N1 influenza A virus, Sporicidin is the only disinfectant you need this flu season.

To order Sporicidin Disinfectants, call 1-888-699-9304. To learn more about Contec and Sporicidin, visit our web sites: www.contecinc.com and www.sporicidin.com or call (800) 289-5762. To learn the latest about the EPA and H1N1, visit www.epa.gov/oppad001/h1n1-guide.html.
