

EasySat™ Bucketless Floor Mop

Eliminate buckets and wringers

Contec's EasySat bucketless floor mop is an effective and quick solution to your cleaning challenges. Designed for the cleanroom, this innovative mop is easy to use — the built-in 52 ounce solution tank completely eliminates the need for a bucket and wringer! Disposable mop heads are made from our ultra clean polyester/ester foam VertiKlean® material and attach to hardware in seconds using traditional hook and loop fasteners.

The angled mop head cleans hard-to-reach areas and is available in two styles: smooth surface for standard floor cleaning, and textured surface for more abrasive action. The mop head is available Validated Sterile. Gamma irradiated to 10⁻⁶ SAL (one of the strictest guidelines established by the AAMI/ISO).
