

CleanZorb® Nonwoven Wipers

Ideal for applications where high sorbency and low extractables are important. Excellent for picking up aqueous spills. Suitable for cleaning precision components and apparatus.

Fabricated from a blend of 45% polyester and 55% cellulose, this material combines the high sorbency of natural fibers with the cleanliness of synthetic fibers. Low particle counts, low extractable levels and solvent compatibility, this wiper is ideal for general cleaning, wiping and spill control in controlled environments.

Nonwoven Wipers - economical low-cost

Features and Benefits

- CleanZorb® Nonwoven, spunlaced construction for excellent strength.
- Compatible with most solvents.
- Can be gamma irradiated.
- Excellent chemical resistance for compatibility with a variety of solutions.
- Autoclave safe (dry wipers only).
- Meets USP <797> and <800> wiper requirements.

Cleanroom Environment

- ISO Class 5 - 8
- Class 100 - 100,000
- EU Grade B - D

Standard sizes from 4" x 4" to 18" x 18"

Available in White and Blue

STYLE	SIZE	PACK
CR7-300	7" X 7"	300/pack
CR9-150	9" X 9"	150/pack
CR9-300	9" X 9"	300/pack
CR12-150	12" X 12"	150/pack
CR6-300	6" X 6"	300/pack
CR4-1200	4" X 4"	1200/pack
CR18-150	18" X 18"	150/pack
<i>Custom sizes and rolled goods also available</i>		

INDUSTRIES		
Aerospace	Animal Laboratory	Biologics
Cleanroom Design/Build	Compounding Pharmacies	Data Storage
Facilities Maintenance	Industrial	Laboratory
Medical Device	Microelectronics	Pharmaceutical
Printing/Graphics	Semi-Conductor	USP <797> / USP <800>

Applications

- Wiping and cleaning surfaces, equipment and parts.
- Spill control.
- Applying and removing lubricants, adhesives, residues, other solutions including disinfectants.
- Cleaning with solvents such as isopropyl alcohol (IPA), ethanol, acetone, and degreasers.

Compliant with Aerospace SS9170/680
