

Telescopic handle

Award winning, ergonomic and attractive

Telescopic handle

The telescopic handles are made of durable high quality aluminium construction, and can be adjusted from 100-180 cm to suit every cleaner's physiognomy. The handles have an anti-slip top grip to reduce the slipping on walls, as well as colour coded clips.

The ergonomic grip allows perfect blood circulation in hands and fingers, thereby reducing fatigue.

The telescopic handles fit all kinds of Vileda Profesional frames.

Art.no Case TSU	Description	Colour	Size	Pieces/pack	Packs/case	Art.no. Pack BCU
111380	Telescopic handle		100 - 180 cm	1	10	111385
111384	Telescopic handle short		50 - 90 cm	1	10	111389
119966	Telescopic handle, colour coded		100 - 180 cm	1	10	119967

Vileda Professional's telescopic handles have been developed with top ergonomics, performance and easy handling in mind. A good proof of the success is that the range of handles has been awarded for their excellent product design.

Vileda Professionals view on product design

High quality products that really do the job are a big part of our company philosophy.
