Tile-Top AM SpongeCote UltraSoft

Group 419

UltraSoft Tile-Top AM doubles down on combating fatigue even while providing a top to bottom anti-microbial solution. An anti-microbial top surface provides top level defense and is backed with an anti-microbial Nitricell sponge. Twice as thick, it absorbs repeated compression and bounces back to its original form better than any PVC sponge alternative. Tile-Top AM is a game changer compared to typical tile-top mats for teams in labs, pharmacies, biotechnology and pharmaceutical manufacturing.
